MEDIA RELEASE

For immediate release

September 23, 2009

***The Saskatchewan Parks and Recreation Association Announces the 2009
Communities in Bloom Provincial Winners***

On Friday, October 23, 2009, the Saskatchewan Parks and Recreation Association (SPRA) will host their Annual Volunteer Awards Banquet in Regina, Saskatchewan. Recognition will be given to the contributions of volunteers and professionals within the Province's recreation and parks delivery systems. At that time, the Provincial Winners of Saskatchewan's *Communities in Bloom* program will also be recognized for their efforts. The following Provincial Winners have an opportunity to represent Saskatchewan in the National *Communities in Bloom* program in 2010:

Population Category 1 – 500
Town of Blaine Lake
Awarded a 4 Bloom Rating
Special mention for *Environmental Awareness*

Population Category 1,001 – 2,000
Town of Kamsack
Awarded a 4 Bloom Rating
Special mention for *Tree and Urban Forest Management*

Population Category 501 – 1,000
Town of Kinistino
Awarded a 4 Bloom Rating
Special mention for *Overall Appearance of Town*

Population Category 2,001 – 3,000
Town of Assiniboia
Awarded a 4 Bloom Rating
Special mention for *Overall Community Commitment to Communities in Bloom*

....2

S.P.R.A. would like to congratulate the 46 communities that participated in the Provincial Edition of the program.

Assiniboia	Balcarres	Battleford	Blaine Lake	Broadview
Candle Lake	Davidson	Denzil	Dundurn	Eatonia
Eston	Harris	Humboldt	Kamsack	Kerrobert
Kinistino	Kipling	Kyle	Lanigan	Lashburn
Lloydminster	Maidstone	Manitou Beach	Maple Creek	Meadow Lake
Melfort	Moose Jaw	Mortlach	Naicam	Osler
Preeceville	Prince Albert	Richmond	Rosetown	Rosthern
Shaunavon	Spiritwood	Star City	Stockholm	Strasbourg
Turtleford	Viscount	Waseca	Willow Bunch	Zenon Park
Muskoday First Nation				

Special recognition must also be given to those communities that represented Saskatchewan in the 2009 National *Communities in Bloom* program. The following communities' achievements are being recognized on October 3, 2009, in Vaughn, Ontario:

Town of Grenfell, competitive population category 1 – 1,000
 Town of Indian Head, competitive population category 1,001 – 3,000
 Town of Kindersley, competitive population category 3,001 – 5,000
 City of Weyburn, competitive population category 8,001 – 10,000

Saskatchewan's *Communities in Bloom* program, managed by SPRA with sponsorship from SaskPower, promotes involvement and action by citizens of all ages, the Municipal Government, local organizations, and businesses. The program strives to increase civic pride and appeal of Canada's neighborhoods and green spaces through the act of conservation, and the imaginative use of flowers, plants and trees. A focus on environmental awareness, and preservation of heritage and culture is also an integral part of its success. The *Communities in Bloom* program continues to be achieved: People, Plants and Pride...Growing Together.

For further information on *Communities in Bloom*, contact SPRA at 1-800-563-2555, or John Firnesz, SPRA Consultant at (306) 780-9262.

2009 Evaluation Form

Community: Kamsack
Province: Saskatchewan
Category: 1001 - 2000

The municipality is evaluated on the efforts of all sectors in the community in the following criteria:

Tidiness	102	/	125
Environmental Awareness	94	/	125
Community Involvement	100	/	125
Natural and Cultural Heritage Conservation	90	/	125
Tree/Urban Forest Management	112	/	125
Landscaped Areas	93	/	125
Floral Displays	97	/	125
Turf and Groundcovers	103	/	125
Total Marks :	791	/	1000

Percentage : 79.10

Bloom rating: 4 Blooms

Mention : Tidiness, Tree and Urban Forest Management

Representative (s) of Community

Name: Paul Keys Function: Town Recreation Director

Name: Wendy Berenko Function: Economic Development Officer

Name: _____ Function: _____

Judges

Name: Bonita Lundberg Name Brenda Winny

Evaluation date: July 11, 2009

IMPORTANT NOTES:

All criteria are adjusted to the climate and environmental conditions of the municipality. Some aspects of a criterion might not be applicable: in such cases, scoring will be prorated. The evaluation score may vary from the previous year based on the fact that the evaluation form is subject to modifications each year and the evaluation is based on the perception of the current judges.

TIDINESS			
Tidiness of green spaces, medians, boulevards, sidewalks, streets, ditches, road shoulders, signage, vacant lots and buildings, with regard to garbage, weeds, maintenance and repair, dog droppings, notices/posters, graffiti and vandalism.			
		Max	Actual
Municipality / Public Properties			
{ Tidiness, order, cleanliness and first impressions		10	9.00
⊗ Community anti-litter awareness and support for community organizations in clean-up efforts		9	8.00
⊗ Effective bylaws / policies and their enforcement; effective programs in smaller communities; operational programs for notices, posters and graffiti		9	8.00
⊗ Maintenance of public roads and shoulders: weed – free sidewalks, curbs, streets and roads, regular hard surface / street sweeping program		9	7.00
⊗ Condition of buildings and urban furniture: benches, litter and recycling containers		8	6.00
Commercial / Industrial Sector			
⊗ Tidiness, order and cleanliness		7	5.00
⊗ Condition of buildings, grounds, sidewalks and parking lots		7	5.00
⊗ Condition of urban furniture: benches, litter and recycling containers		7	5.00
⊗ Support – financial and/or in-kind - for community clean-up programs		7	5.00
Service Clubs, Schools, Churches, Not-for-profit groups			
{ Support – financial and/or in-kind; involvement – organization, participation; impact on the community		13	10.00
{ Tidiness, condition of buildings and yards of churches, schools and any other buildings		11	11.00
Residential / Citizens			
{ Tidiness, order and cleanliness		10	9.00
{ Condition of buildings and yards		10	8.00
{ Involvement in block or individual street tidiness		8	6.00
Tidiness		125	102.00

Comments and Suggestions - Tidiness

As we drove into and throughout Kamsack, we were quite impressed with the tidiness of the community. Mowing the area around the weir opened up that area for greater public use. The public works department should be treated to a special lunch for their continued efforts in keeping the grassy areas mowed and trimmed.

We also would like to make special mention of the cemetery. It is receiving the treatment a special place deserves. The Sarcan centre should also be commended for their tidiness.

In many communities, the industrial sections of town have a tendency to bring down a town's tidiness score. We would like to thank business owners at the edge of town for their contributions to the tidiness of Kamsack.

Noted areas of concern are: the Post Office (for a Federal building it did seem to be in need of attention), the Crowstand Centre and the weeds around the Duck Mountain inn.

The Town's policy of selling empty lots to neighbors has certainly given Kamsack a sense of spaciousness. Back lanes are generally neat and mowed.

ENVIRONMENTAL AWARENESS

Sustainable development, policies and bylaws, waste reduction, landfill sites, hazardous waste collection, sewage disposal, transfer/recycle stations, recycling initiatives, Integrated Pest Management (IPM), water source, treatment and conservation, naturalization, environmental clean up activities and friendly transportation

		Max	Actual
Municipality / Public Properties			
⊗ Sustainable development strategy: bylaws / policies and their enforcement or effective programs in smaller communities; guidelines and long-term planning/vision		10	8.00
⊗ Waste management programs such as recycling, re-use, composting, shredding of Christmas trees, hazardous waste including e-waste collection, waste water treatment , community outreach		10	8.00
⊗ Water conservation and reduction programs: efficient appliance incentives or promotion, reduced reliance and efficient irrigation and use of non-potable water, water restriction policies		10	7.00
⊗ Watershed management plans and alternative storm water management: retention ponds, pervious hardscapes, green roofs, shoreline erosion control programs			
⊗ Energy conservation programs such as: Alternate forms of energy: geothermal, biomass, wind, solar		14	10.00
⊗ Conversion programs for efficient lighting and shielding for night skies issues			
⊗ Greening of operations fleet: conversion to higher efficiency vehicles, use of alternative fuels			
⊗ Efficient use of vehicle fleet such as use of crew cabs, bicycles, any other energy-saving transportation			
⊗ Conversion of older maintenance equipment to more efficient and reduced emissions			
⊗ Transportation management strategies: promotion and incentives of public transit and car pooling			
⊗ Conversion of roads to integrate new bike lanes, expanded recreational pathways			
⊗ Air quality programs: monitoring, anti-idling advisory / bylaws, promotion for the reduced reliance/use of high air polluting small engine equipment			
⊗ Use of Integrated Pest Management / Plant Health Care principles: timing, policies / bylaws and/or effective procedures		6	5.00
⊗ Initiatives such as: Innovation: through green buildings, green roofs; reuse of sites and buildings		6	4.00
Green procurement policies (use of local products, material energy lifecycle considerations)			
Brownfield redevelopment, remediation			

Commercial / Industrial Sector			
⊗ Participation in the environmental effort		6	5.00
⊗ Corporate environmental innovation / stewardship, initiatives, activities		6	4.00
⊗ Sustainable development strategies, safety and emergency preparedness		6	4.00
⊗ Energy efficient buildings / landscapes.		6	4.00
⊗ Greening of operational fleet and equipment.		6	4.00
Service Clubs, Schools, Churches, Not-for-profit groups			
⊗ Support – financial and/or in-kind		7	5.00
⊗ Involvement –organization, participation		7	6.00
⊗ Impact of efforts on community		7	6.00
Residential / Citizens			
⊗ Participation in the environmental effort		9	7.00
⊗ Involvement / support / direction to municipality		9	7.00
Environmental Awareness		125	94.00

Comments and Suggestions - Environmental Awareness

Kamsack has a long list of environmental successes -

1. geothermal heating of the rink with the potential to heat several other buildings
2. a trained and certified pest management person
3. in the process of getting an old oil refinery (one of the last ones in Saskatchewan) grounds cleaned up
4. your new water system with the capability of providing water to other communities
5. Jeff, manager at the landfill, should be considered as an environmental success. Not only does he have a great sense of humor, he is also dedicated to doing his job in a professional manner.
6. the completion of a new lagoon this fall
7. supporting community Green Days and organizing community wide Garage Sales as an effective way of recycling
8. Sarcan facilities
9. a taxi business

We did have these following concerns.

The landfill needs a chain link fence to contain itself.

Even though you currently have an excellent source of water (and apparently rain on a regular basis), you need to have some sense of the fragility of freshwater in our world these days. You might never need to use it but having a proactive by law regarding water usage would be a good idea.

COMMUNITY INVOLVEMENT

Citizens' involvement in various community projects, including horticulture and garden clubs, service groups, recreation and sports clubs, school children, teens, seniors, municipal workers and local businesses

		Max	Actual
Municipality / Public Properties			
⊗ Volunteer recognition		8	7.00
⊗ Support – financial and/or in-kind for volunteer activities		8	6.00
⊗ Information and educational programs		8	6.00
⊗ Promotion of local businesses, products, tourism		8	8.00
⊗ Organization/facilitation of local events/festivals, fundraising, support – financial and/or in-kind		8	8.00
⊗ Innovation; involvement with youth / seniors and other initiatives towards broader social inclusion		7	5.00
Commercial / Industrial Sector			
⊗ Involvement in community projects, volunteer initiatives, community outreach programs		10	7.00
⊗ Sponsorship – financial and/or in kind – of the local CIB program		10	7.00
⊗ Innovation; involvement with youth / seniors and other initiatives towards broader social inclusion		10	7.00
Service Clubs, Schools, Churches, Not-for-profit groups			
⊗ Support – financial and/or in-kind		8	6.00
⊗ Involvement –organization, participation		8	6.00
⊗ Impact of efforts on community		8	6.00
Residential / Citizens			
⊗ Support - financial and/or in kind - of projects / programs		8	7.00
⊗ Participation in community programs		8	7.00
⊗ Provision of ideas / initiatives for projects/programs		8	7.00
Community Involvement		125	100.00

Comments and Suggestions - Community Involvement

Kamsack finds itself in a rather unusual position as it does not have any community service groups. However, Kamsack is a very busy and vital community with 250 community events in most years. The Town Council publishes community brochures and takes out pages in the newspaper to keep everyone informed about community events.

At locations where tourists are most likely to stop, there are pamphlets touting all the various activities in the community.

Students have been involved in landscaping projects such as planting young trees at the sports grounds.

NATURAL AND CULTURAL HERITAGE CONSERVATION

Heritage policies, bylaws and natural heritage management plans; preservation and restoration of buildings, homes, churches, monuments, artifacts, sites, parks, heritage gardens, trees; preservation of traditions and customs; festivals/celebrations; heritage foods and the arts; museums and history, archives, Architectural Advisory Committee

		Max	Actual
Municipality / Public Properties			
⊗ Heritage policies / by-laws and their enforcement or effective programs in smaller communities		10	8.00
⊗ Natural and cultural heritage management plan and preservation initiatives: cultural landscapes, use of native plants, heritage gardens, trees		10	7.00
⊗ Preservation, restoration and reuse programs		8	6.00
⊗ Information and support programs		6	4.00
⊗ Promotion of heritage by Historical Society / Heritage Committee / Tourism Association		5	5.00
⊗ Interpretative and signage programs, walking tours, museums, festivals/celebrations		6	4.00
⊗ Cultural heritage programs: first nations, explorers, first and subsequent settlers and more recent immigrants		5	4.00
⊗ New programs and initiatives to promote local heritage		5	3.00
Commercial / Industrial Sector			
⊗ Conservation, restoration and reuse of sites/buildings		7	5.00
⊗ Building façade and improvement plan. (original colours, styles, materials,		7	3.00
⊗ Participation in municipal, provincial or federal programs		7	4.00
⊗ Innovation and participation in promotion of local heritage		7	4.00
Service Clubs, Schools, Churches, Not-for-profit groups			
⊗ Support – financial and/or in-kind		7	5.00
⊗ Involvement –organization, participation		7	5.00
⊗ Impact of efforts on community		7	6.00
Residential / Citizens			
⊗ Conservation / restoration and reuse of sites / buildings		7	5.00
⊗ Preservation of traditions, customs, food, music, dance and crafts		7	6.00
⊗ Participation in heritage community events/activities		7	6.00
Natural and Cultural Heritage Conservation		125	90.00

Comments and Suggestions - Natural and Cultural Heritage Conservation

We had the feeling that if you live in Kamsack, you probably have a great sense of your cultural background. The first home built in Kamsack is still lived in, the museum is excellent (the summer help certainly knows his history) and the cemetery is well cared for and has a directory. 2010 is Kamsack's centenary and a walking trail through the downtown area is in development. We saw no evidence of vandalism and graffiti on unoccupied buildings. The Trackside Garden honors the tradition of railway gardens in our prairie past.

TREE / URBAN FOREST MANAGEMENT

Written policies, bylaws and regulation plans both long and short-term. Distribution of trees, inventory, variety, suitability, new plantings, main street programs, new survey developments, preservation of heritage trees, commemorative trees, woodlots, succession planting, Plant Health Care and Integrated Pest Management, qualified/trained individuals (volunteer or on staff)

		Max	Actual
Municipality / Public Properties			
⊗ Policies, regulations and tree by-laws, tree protection and planting on public and private lands		10	10.00
⊗ Plan of action: procurement, species diversity, selection of hardy species with potential to contribute to the plan		10	10.00
⊗ Strategic Management, Operational and Emergency Plan in place, an inventory of trees, demonstration of good planting techniques and a maintenance		8	8.00
⊗ Measures to preserve, protect, manage and expand woodlots		7	7.00
⊗ Qualified personnel and/or crew training		7	7.00
⊗ Integrated Pest Management / Plant Health Care, plan of action for invasive pest detection and control, information on current infestations and		7	5.00
⊗ Participation and recognition in programs such as Green Streets Canada, Maple Leaf Day...		7	5.00
Commercial / Industrial Sector			
⊗ Concept, design and planting for commercial enterprises		7	6.00
⊗ Maintenance programs		7	6.00
⊗ Existing tree protection and preservation during construction: in by-law		8	7.00
⊗ Involvement and promotion of tree planting programs and conservation		6	5.00
Service Clubs, Schools, Churches, Not - for - profit groups			
⊗ Support – financial and/or in-kind and involvement – organization,		10	8.00
⊗ Impact and maintenance		10	9.00
Residential / Citizens			
⊗ Selection of varieties – inclusion of native, hardy species		11	10.00
⊗ Maintenance		10	9.00
Tree / Urban Forest Management		125	112.00

Comments and Suggestions - Tree / Urban Forest Management

The tree canopy on several older streets is breathtaking. The huge elms are treasured and protected with expert pruning during the acceptable times.

There are a wide range of trees species being used in yards. The species from Shand Greenhouse were utilized to plant trees around the Sports Grounds.

At some point, holes were dug in the sidewalk and trees had been planted along 3rd Avenue. Planting the columnar poplars was a good choice of species but for some reason, not all trees survived. It is to be hoped the gaps will be replaced soon.

The town maintains and uses a reserve of replacement trees and shrubs. There is also a wildlife orchard within the town limits.

LANDSCAPED AREAS

This criteria supports all efforts to create an environment wherein plants form an essential element of the overall surroundings; design and suitability for location and use; native and introduced materials; balance of plants, materials and constructed elements; harmony (colour, texture, shape); tasteful integration of hard surfaces and art elements; standards of maintenance.

		Max	Actual
Municipality / Public Properties			
⊗ First impressions of the community including gateway / entrance treatments		10	8.00
⊗ Development of policies, standards and best practices		7	6.00
⊗ Plan of action: distribution through the community		8	7.00
⊗ Urban and civic design standards for streetscape and other public places: flags, banners, public art, fountains, site furnishings, lighting design, walkways		7	4.00
⊗ Specifications for planting (with suitable varieties) and maintenance		7	5.00
⊗ Sustainable designs: energy efficient, use of green materials, naturalization, xeriscaping		6	4.00
⊗ Site rejuvenation, rehabilitation and maintenance (life cycle management)		6	5.00
⊗ Qualified personnel (including seasonal staff) and/or training		7	5.00
Commercial / Industrial Sector			
⊗ Innovation in concept and design		6	3.00
⊗ Public involvement: support – financial and/or in-kind, participation		6	3.00
⊗ Sustainable designs: energy efficient, use of green materials,		6	5.00
⊗ Contribution to urban and civic design and public greenspaces above and		6	3.00
⊗ Adequate ongoing maintenance (life cycle management)		6	5.00
Service Clubs, Schools, Churches, Not-for-profit groups			
⊗ Support – financial and/or in-kind and involvement – organization, participation		8	5.00
⊗ Sustainable designs: energy efficient, use of green materials, naturalization, xeriscaping		8	6.00
Residential / Citizens			
⊗ Streetscape appeal of landscapes		8	7.00
⊗ Overall maintenance		7	6.00
⊗ Inclusion of sustainable plant materials		6	6.00
Landscaped Areas		125	93.00

Comments and Suggestions - Landscaped Areas

Kamsack has many green spaces throughout the community. Large yards, old trees, and mowing create a community very pleasant visually.

The greenhouses are very supportive of various endeavors of community beautification; something other communities would appreciate having. The owners are to be commended.

A section of the Trans Canada Trail goes through the community; what a great asset for both tourism and as a facility for your residence.

FLORAL DISPLAYS			
Arrangements of flowers and plants (annuals, perennials, bulbs, ornamental grasses), originality, distribution, location, diversity and balance, colour, harmony, quality and maintenance. These pertain to flowerbeds, carpet bedding, containers, baskets and window boxes.			
		Max	Actual
Municipality / Public Properties			
⊗ Diversity of displays: flowerbeds, raised beds, planters, hanging baskets, window boxes, carpet bedding, mosaics		12	10.00
⊗ Plan of action: programs, distribution through community. Concept and design including sustainable design		12	9.00
⊗ Diversity of plants: annuals, perennials, bulbs, grasses, woody plants, natural flora		12	10.00
⊗ Quality, maintenance, best practices		10	9.00
⊗ Qualified personnel (including seasonal staff) and/or training		7	5.00
Commercial / Industrial Sector			
⊗ Concept and design		9	6.00
⊗ Quality and maintenance		9	6.00
⊗ Contribution to overall floral program		9	6.00
Service Clubs, Schools, Churches, Not-for-profit groups			
⊗ Support – financial and/or in-kind and involvement – organization, participation		11	8.00
⊗ Concept, design, selection and maintenance on their own properties		11	8.00
Residential / Citizens			
⊗ Arrangement, diversity, colour		11	10.00
⊗ Quality and maintenance		12	10.00
Floral Displays		125	97.00

Comments and Suggestions - Floral Displays

We really loved those baskets. Indeed, Kamsack appears to be the 'Garden of Saskatchewan'.

With CIB, you can never have too many flowers and/or colour in the community. We felt that along the main shopping street there needed to be more colour using flags or flowers or murals or student artwork or anything that catches your eye and causes a person to stop and explore the environment. While the hanging baskets are great, they are high maintenance and need to be closely grouped for visual impact.

The Trackside Park is breathtaking. Audrey and her crew of gardeners need to be thanked for their vision and hard work. Has anyone ever thought to hold a community event in that

TURF AND GROUNDCOVERS			
Quality, naturalization, use of groundcovers and wild flowers, turf management (manicured to rough), use of artificial turf, maintenance (mowing height and frequency), Integrated Pest Management (IPM) / Plant Health Care, fertilization programs, irrigation and water restrictions. Areas include private homes, public buildings, municipal and private sports fields and athletic parks.			
		Max	Actual
Municipality / Public Properties			
⊗ First impressions; plan of action, distribution of turf and ground cover areas		14	12.00
⊗ Diversity / species, types of plantings / drought tolerance		8	7.00
⊗ Turf Management / Integrated Pest Management / Plant Health Care, alternative solutions to diseases and infestations when appropriate		8	7.00
⊗ Review of maintenance plans to consider increased naturalization, alternate mowing frequency for reduced and more efficient operations		8	5.00
⊗ Information programs for water requirements, mowing frequency and height, rain gardens		8	5.00
⊗ Qualified personnel (including seasonal staff) and/or training.		7	5.00
Commercial / Industrial Sector			
⊗ Concept and design, use of alternative ground covers		8	7.00
⊗ Quality and maintenance on these properties		8	8.00
⊗ Site naturalization		8	7.00
Service clubs, Schools, Churches, Not-for-profit groups			
⊗ Support – financial and/or in-kind and involvement –organization, participation		12	10.00
⊗ Quality and maintenance on these properties		11	10.00
Residential / Citizens			
⊗ Concept and design, use of alternative ground covers		8	7.00
⊗ Quality and maintenance		9	7.00
⊗ Participation in lawn watering conservation programs		8	6.00
Turf and Groundcovers		125	103.00

Comments and Suggestions - Turf and Groundcovers

The condition of the turf in Kamsack is the main reason for the high scores in the tidiness category. There is also the usual wide variety of asphalt and pavement ground covers in the community.

The sports grounds are in great shape .

Due to the fact the golf course is close to the Assiniboine River, they are able to water the greens with river water and not take anything from the town supply. This lead us back to the question of "Is there a contingency plan for dry years?"

Evaluation Checklist / Questions on organization:									
Yes	No	N/A							
yes			Were the judges, upon their arrival, presented with the itinerary and the Community Profile Book, which was completed according to the "Guidelines...?"						
yes			Was there an initial orientation meeting with introductions ?						
very			Were the community representatives knowledgeable about the community and all criteria?						
yes			Were the judges able to ask questions and modify the schedule if they thought that there was not enough time spent on a judging criteria ?						
yes			Did the judges meet with the media?						
		n/a	Were the judges asked to give presentations?						
		n/a	Were the judges able to meet with and talk with the volunteers?						
yes			Did the community, with its allotted time, distribute it so there was adequate coverage for each of the eight criteria?						
yes			Was there enough time allotted to start the evaluation form in a quiet place?						

Description of the Community

The judges are very impressed with Kamsack. It is a very clean, green and active place to live in and to raise a family.

We feel that Kamsack has several factors in its favor. The tradition of gardens and gardening is a cultural one - Ukrainian and Doukabour - therefore lush vegetable gardens as well as flowers were in abundance.

Kamsack is also one of the few CIB communities where assuming a role in the CIB committee is part of municipal job descriptions and having access to town workers certainly makes a difference in the overall appearance of a community.

We realize starting out your CIB journey with 4 blooms means an incredible amount of work needs to be done to move into the five bloom and national competition category. We also know that your community is certainly capable of this goal.

Here are some suggestions for you -

- keep up your records to show before and after progress
- find a way to develop a larger community volunteer base
- develop the fact you have a provincially famous person in the cemetery - Sarah Ramsland
- continue to add those unique baskets in other locations in the community
- encourage the downtown area to spruce itself up with more colour and seating areas
- consider encouraging the development of old brick telephone building downtown
- work on adding more colour to the highway through town out towards Duck Lake Provincial Park
- consideration the promotion of one of the four cylinder water towers in the province

Thank you for your work, your community spirit and a great cup of coffee!

Special Mention: Tree and Urban Forest Management
